

Position Description

Chief Executive Officer

Independent Contractor: 2 days per week equivalent (flexible hours, some travel/attendance at New Zealand events required)

Location: work from home (NZ)

Passive House Institute New Zealand (PHINZ) seeks an enthusiastic candidate with excellent strategic and leadership skills to perform a range of duties that will raise the profile of Passive House in NZ and grow our organisation.

Background

Passive House Institute New Zealand (PHINZ) is an Incorporated Charitable Trust which aims to advance education and benefit the community through the promotion of the Passive House standard for energy efficient buildings. The Passive House standard is an internationally recognised way of providing superior indoor comfort and air quality while also dramatically reducing building energy use and carbon emissions.

Further information about PHINZ and Passive House can be found online at:

<http://passivehouse.nz/about/>

PHINZ Vision: All Kiwis live and work in buildings that contribute positively to their health, physical independence, and well-being and are part of the solution to climate change and a net zero New Zealand.

PHINZ Mission: To close the gap between the desired and actual performance of buildings, and to accelerate the delivery of measurable and continuous improvements in their indoor environmental quality in tandem with their energy-efficiency.

PHINZ is run by a volunteer board with support from fellows and members. As the Passive House movement in New Zealand gains momentum, and our organisation expands, the Board considers there is a need for a CEO to drive the strategic objectives of the organisation.

Initially, the successful candidate will be engaged as an independent contractor on a 2 day per week part-time role for a fixed 6-month term.

A key aspect of the CEO's role during this time will be to secure ongoing funding for the organisation, including for the continuation of the CEO role.

As the first and initially sole paid member of the organisation, the CEO will be expected to develop a strategic plan for the financial success of PHINZ and also play an active role in all aspects of implementing the strategy as agreed by the Board.

The Board is interested in finding the right person to take our organisation forward well beyond the initial period.

The contract fee for this role is equivalent to a full-time salary of \$100,000 gross per annum, i.e. \$20,000 (inclusive of GST, if any), for two days per week for 26 weeks.

The CEO is a non-technical role, meaning candidates do not need to be either certified Passive House professionals or practitioners. The role is not suitable for someone who has a conflict of interest such as someone working as a Passive House practitioner or product supplier.

CEO Role & Responsibility

The following are the primary duties and core objectives of the CEO role:

1. Establish a pathway to ongoing **financial viability** for PHINZ, including developing a business plan and securing ongoing funding for a strategic operating reserve that ensures the continuity of the core functions of the organisation. Namely: an administrative executive role; book-keeping, marketing and website support; organising one major biennial conference and one annual members gathering and the associated marketing support to effectively promote those events; and funding for the continuation and possible expansion of the CEO role including travel costs for effective advocacy and industry engagement.
2. Strengthen, build on and diversify sources of **revenue**, which are currently: membership fees, event ticket sales and software sales. Develop our industry sponsorship offering and build lasting sponsorship relationships. Develop new service offerings and revenue streams for PHINZ, for example: a registry of compliant Passive House Certified products with links to suppliers; philanthropic contributions from individuals or companies, government grants.
3. Actively **promote** Passive House Certification in the NZ Real Estate industry, to potential owners, builders and among relevant professions and trades. Play a key role in educating the market and advocating for the increased take up of Passive House Certification. Promote case studies of completed projects and clearly articulate the costs, technical challenges and benefits of Passive House Certification.
4. Stay **informed** about the number and type of certified Passive House projects delivered and in the pipeline in NZ.
5. Grow the **membership** base and strengthen the value proposition of being a member of PHINZ.
6. Demonstrate strong **communication** skills. Maintain appropriate records of activities and milestones. Share successes via PHINZ communications channels, including emails to members, website content, newsletter content, social media posts. Raise the profile of PHINZ in the industry, media and public realm in NZ.

7. **Inform the Board** of work in progress, make recommendations and provide direction for future work, and seek board guidance or sign off for key decisions and strategic direction. Produce written summary reports in support of Board meetings.
8. Represent PHINZ in **industry bodies** and leverage extensive industry connections to advocate and influence decision-makers to deliver Passive House Certified buildings.
9. Underpinning all aspects of the CEO role is a responsibility to **forward the aims** of PHINZ as Incorporated Charitable Trust.

Desirable attributes

- A. Strong people skills: communication, networking, persuasion, advocacy and relationship management.
- B. Leadership experience
- C. Passion for sustainable buildings and Passive House Certification
- D. Flexibility to work part time while completing a diverse range of activities
- E. Strong organisational, administrative, and written communication skills
- F. Experience managing finances and balancing income and expenses. It is essential that the organisation maintains a strategic operating reserve sufficient to continue the provision of member services and conduct revenue generating activities (key among which is the South Pacific Passive House conference, hosted in NZ biennially.)

Position Details

- Classification: Part time, 2 days per week
- Fee: \$20,000, paid in six, monthly payments of \$3,333.33. Travel, accommodation and related expenses for PHINZ activities away from home will be reimbursed.
- Fixed term: 6 months
- Location: Working from home
- Closing date for applications: Friday April 3, 12 noon.

Please note you will be responsible for your own working environment and resources, including but not limited to a computer, Microsoft Office software, and a reliable internet connection.

Submit your CV, references (at least one) and covering letter including responses highlighting your suitability against numbered items 1-9 in the Role & Responsibilities section above and items A-F in the desirable attributes section online at <https://passivehouse.nz/ceo-application>

Further details about the PHINZ are available on our website: <http://passivehouse.nz>

PHINZ is an Incorporated Charitable Trust with the following aims:

To advance education through:

- Educating the building industry and members of the public about improved energy efficiency in New Zealand buildings;
- Promoting the Passive House Standard;
- Researching the performance of built Certified Passive Houses in New Zealand and making such research publicly available;
- Researching the New Zealand housing industry in order to promote energy efficient building options;
- Providing a platform for the building sector to gain knowledge of highly energy efficient buildings;
- Educating building professionals and lay persons about Certified Passive Houses.

To benefit the community by:

- Improving public health and well-being and relieving fuel poverty of the people of New Zealand through the promotion of healthy and highly energy efficient homes and public buildings;
- Working with the public sector of New Zealand to improve the energy efficiency of New Zealand homes and public buildings.

PHINZ is committed to inclusiveness and to celebrating our people's diversity, regardless of gender, ethnicity, disability, sexual orientation, relationship status, age, physical appearance, religious beliefs and other matters that make no difference to how we work together.
